**Brother Don Little a Locomotive Engineer with Metra Commuter Rail and a proud BLET member of Division 294 for over 35 years.**

**Few people were more devoted to family, friends, and public service than Don; he accepted the railroad's way of life for what it was and made the best of the opportunities it had to offer. He did not wish to devote his time so much to the job itself, but to the benefit of his union brothers and sisters. While serving on the Illinois State Legislative Board, Don had a dream of establishing a scholarship program for the family members of fellow Brothers who worked in Illinois.**

**In 2013 the Illinois State Legislative Board established the first annual Don Little Memorial Scholarship fund. Don's legacy is one of a great union brother, husband, father, friend, and colleague. This scholarship not only honors his name but also represents what he had in his heart: an unsurpassed passion to help people who are trying to get ahead in life yet may not have the resources to accomplish their dream.**
